Workshop:

Doing Climate History

Research group: ClimateCultures: Socionatural entanglements in Little Ice Age Norway (1500-1800)

Participants: *Dominik Collet, Helene Svarva, Mathias Kallevik, Wendy Khumalo, Ingar Stene, Manon Bajard, Heli Huhtamaa, Sam White, Kjetil Loftsgarden, Anne Birkeland*

13.00-14.00 Possibility for shared lunch on campus (self-pay)

14.00-14.15 Welcome and introduction round

14.15-15.30 Presentation of CLIMCULT agenda and team

15.30-15.45 *coffee break*

15.45-17.15 **Sam White** A Bayesian Approach in Historical Climatology

Heli Huhtamaa Volcanoes, climate and society in 1500–1900 Europe

Kjetil Loftsgarden Volcanic Eruptions and their Impacts on Climate, Environment, and Viking Society in 500–1250 CE

Manon Bajard Climate history in the LIA and beyond. What can we learn from lake sediment archives?

17.15-17.30 *coffee break*

17.30-18.30 Exploration of collaborations / feedback from guests

19.00 *dinner in downtown Oslo*
