## **DOCTORAL RESEARCH FELLOWSHIP**

### **Job description**

A Doctoral Research Fellowship (SKO 1017) in the history of ideas is available at the Department of Philosophy, Classics, History of Art and Ideas, University of Oslo.

Applicants must submit a project description. The proposed project must be relevant to the department's ongoing research within the history of ideas and to one of the research groups in which tenured academic staff take part. For information about ongoing research and research groups, see the department's website: <https://www.hf.uio.no/ifikk/english/people/aca/history-of-ideas/tenured/>

The person appointed will be affiliated with the Faculty's organized research training. The academic work is to result in a doctoral thesis that will be defended at the Faculty with a view to obtaining the degree of PhD. The successful candidate is expected to join the existing research milieu or network and contribute to its development. Read more about the [doctoral degree](#).

The appointment is for a duration of 3 years. All PhD Candidates who submit their doctoral dissertation for assessment with a written recommendation from their supervisor within 3 years or 3 ½ years after the start of their PhD position, will be offered, respectively, a 12 or 6 month [Completion Grant](#).

### **Qualification requirements**

- A Master's degree in the history of ideas or equivalent. The Master's degree must have been obtained and the final evaluation must be available by the application deadline.
- Fluent oral and written communication skills in English, see [Language requirements](#).
- Personal suitability and motivation for the position.

To be eligible for admission to the doctoral programmes at the University of Oslo, applicants must, as a minimum, have completed a five-year graduation course (Master's degree or equivalent), including a Master's thesis of at least 30 ECTS. In special cases, the Faculty may grant admission on the basis of a one-year Master course following an assessment of the study programme's scope and quality.

In assessing the applications, special emphasis will be placed on:

- The project's scientific merit, research-related relevance and innovation
- The research group's recruitment needs
- The applicant's estimated academic and personal ability to complete the project within the time frame
- The applicant's ability to complete research training
- Good collaboration skills and an ability to join interdisciplinary academic communities

Applicants who have recently graduated with excellent results may be given preference.
