

GLOBAL
CAREER
CENTER

Connecting Employability and Education

WELCOME

The Global Career Center (GCC) brings more than two decades of experience partnering with educational institutions around the world, host organizations from a wide range of industries, and learners of all ages to connect employability and education through collaborative program development, comprehensive services delivery, and curated experiential education.

The University of Oslo Global Internship Program allows students to gain first-hand knowledge, build professional connections, and experience the global workplace through a comprehensive academic internship program.

TODAY'S AGENDA

Why?

Where?

What?

When?

How?

STUDENT EXPERIENCE

"I was super satisfied with my placement and felt like it was such a great match for me. I will really value this experience for the rest of my life."

– Rosie, 2021 Intern

"The best part of it for me was being able to work with my team and the other interns working directly with my host organization. I developed my abilities in communicating virtually, both over written email/messages as well as on video calls in real time. I definitely gained confidence in being able to speak up to contribute ideas and take initiative in the group."

– Isabella, 2022 Intern

"I feel incredibly honored to be working with such a driven team! This opportunity provided me with excellent experience in the field of Neuroscience! Thank you GCC for such a wonderful opportunity for me to grow in my field of study."

– Mary, 2021 Intern
